## Perfect Foundation Material

To those who wish to breed cattle of the real Twentieth Century type; to those who wish to produce Shorthorns of the quality that will enable them to meet competition anywhere; and to those who are anxious to found their herds on bloodlines that will insure such results—we say “Go to the 1939 auction sale at Maxwalton Farms and invest as liberally as possible.” The pictures on these pages provide only a glimpse but those who attend the sale will find that the offering is made up entirely of superior individuals. The Maxwalton offering will consist of four outstanding young bulls, all reds and roans, and twenty-six of the best females ever offered from this herd. A feature that should appeal to every buyer will be the large number of females that either have calves at foot or are safe in calf to Browndale Cumberland and Browndale Conqueror, the two great sons of Browndale Pilot that head this herd. On sale day visitors will be treated to an inspection of the calves by these two sires and I am sure all will agree with this writer that they are the most promising calves that Maxwalton has yet produced.

Again this year Morlunda Farms, Lewisburg, W. Va., have been invited to offer a select consignment in this sale. This is indeed a fortunate arrangement because prospective buyers are enabled to buy the produce of top females that were assembled by Oscar Nelson & Son from every noted herd in North America. This consignment will contain two excellent young bulls, both red, and fourteen of the most desirable females that are to be sold anywhere this year. Ten of these females are heifers sired by Edellyn Goldfinder and they certainly prove this son of Imp. Calrossie Goldfinder to be a great sire. These heifers, all blocky, compact, short-legged and with grand heads, represent perfect foundation material.

As a means of demonstrating the calves by the imported bull, Millhills Rufus, chief stock bull in the Irvine Hill Herd at Granville, Ohio, Maxwalton has invited the owner, Mr. Middleton, to consign two outstanding sons in this sale. They are of thoroughly modern type and should be considered among the top bulls that are to be offered this spring. It is a distinct pleasure to recommend such a sale offering because one rarely finds a more perfect combination of top bloodlines and outstanding individual merit. Maxwalton, Morlunda and Irvine Hill are the names featured in this sale and these names insure top quality.—Hal Longley of The Shorthorn World.

Four choice yearling heifers that were sired by Edellyn Goldfinder. All four of these will go into the sale at Maxwalton Farms in June and probably they will be seen on the show circuit this fall.

MAXWALTON FARMS' SHORTHORN SALE, MANSFIELD, O, JUNE 6

A familiar scene in the lots at Maxwalton Farms. Study the type of these beautiful young females and bear in mind that they have perfect pedigrees. Plan right now to attend this sale and buy the kind that will work real improvement.

With much pleasure we invite all those who are interested in Shorthorn cattle to be with us at Maxwalton Farms on June 6th. Our offering contains 48 head, 8 good young herd heading bulls and 40 strictly choice foundation females. We do not wish to praise these cattle beyond their real merit, but the type, quality and breeding of those offered in this sale are deserving of your time and interest. Many of them are ready to win high honors in 1939 show rings. We are particularly pleased to have the firm of Oscar Nelson & Son associated with us in this sale because we feel that their herd represents a cross section of the top animals in the greatest herds in America. And we are equally glad to have Claude Middleton as an associate because we believe he owns one of the great imported sires of the breed. We firmly believe that the cattle in this offering will work improvement wherever they go and that they will prove highly profitable to their new owners.

E. R. HARTMAN,  
WALLACE V. CAMPBELL.

## MAXWALTON FARMS' SHORTHORN SALE, MANSFIELD, O, JUNE 6

Here are four of the first calves by Imp. Millhills Rufus, the great herd bull now in service in the Irvine Hill Herd at Granville, Ohio, owned by C. C. W. Middleton. These calves prove beyond all doubt that this bull is one of the greatest imported sire that has been used in this country in many years.

MAXWALTON FARMS' SHORTHORN SALE, MANSFIELD, O., JUNE 6

Maxwalton Mandate is one of the three good sons of the noted Imp. Millhills Rufus that will sell in this sale. With such an impressive group of bulls at the top of his pedigree, there should be little doubt as to his ability as a sire. His dam was by Browndale Thistle and a full sister to his dam was the dam of the bull that sired those good Alberta College steers.

Here is a bull that is certainly low set, compact, deep bodied and good headed. There is every reason to expect this bull to make a great sire and he should do plenty of winning at the fairs this year. He is ready for heavy service and the man who buys him will go into the breed's front rank.

IRVINE'S GALT

Irvine's Galt—Great interest has been displayed in the calves by Imp. Millhills Rufus and we offer two of them in this sale only as a means of demonstrating to the public that he is destined to be one of the greatest sires of herd bulls in the country. Irvine's Galt is one of the best bulls that will be offered anywhere this year. His legs are very short and his body is very square. He has a perfect back, deep quarters, is smooth at the rump and his head is that of a real breeding bull. Please Note: We reserve the right to show Irvine's Galt this year. We know he will win and we guarantee to deliver him in good condition following the International.

Irvine's Ransom — Critical herd bull buyers are always anxious to know as much as possible about the immediate ancestors of the bull they buy. We present herewith the picture of Irvine's Ransom and the picture of his wonderful mother. Elsewhere in this catalog will be found a picture of his famous sire. Irvine's Ransom has a strong masculine head, and his deep, wide compact body is attached to straight, sturdy legs. Most certainly he should please the man who is seeking dark colors because all of his immediate ancestors were dark red. We would appreciate the opportunity to exhibit this calf at 1939 shows, but this will be at the option of the new owner.

MAXWALTON SECRET 2d

Maxwalton Secret 2d is as good as her picture shows her to be and certainly she is one of the best in our sale. She is a rich dark roan with red legs and a red head and she is a full sister to the grand champion steer that we exhibited at Illinois, Ohio and Michigan in 1937. You will find this same Secret family in the Edellyn herd and in the Milky Way herd and they are always top cattle. Don't fail to see this very blocky, compact, short legged heifer.

Maxwalton Nonpareil — If you are seeking a senior yearling heifer that will win enough money at 1939 shows to pay her purchase price, buy Maxwalton Nonpareil. She stood well up in the summer yearling class last year and has developed beautifully since then. Study the picture of this heifer. Have you seen one that is fuller in the heart, more beautifully balanced, shorter legged or with more depth and thickness? We certainly hate to part with this heifer. Her dam is one of the best cows in our herd.

Maxwalton Roan Lady K. is very blocky and short legged and she will make a good junior yearling show heifer this year. Her dam, a daughter of the great Browndale Thistle was in our show herd for two years. We are very partial to this Roan Lady pedigree because we know what they have done in the herds of all who have owned them.

BROWDALE FLOWER  
GIRL 5th

Morlunda Flower Girl is just exactly the kind of heifer that her picture shows her to be. She has everything necessary to make a great show and breeding female. Note the wonderful depth of body, the well sprung ribs, level back and short legs. Her dam is easily one of the greatest cows in the country. She was a famous show ring winner herself; she produced twin bulls in 1937, one of which sold at the top price of the last Maxwalton sale; she produced this heifer in 1938 and another heifer in February 1939 that we believe is about the best heifer calf we have on Morlunda Farm. If you want top quality combined with perfect ancestry, buy this one.
